Dear Parent/Caregivers,

We're fortunate here in SA to have (so far) so few Coronavirus cases.

A welcome back to school for our families and our best wishes to the families who have selected to keep their children at home. It is a hard choice and we will do our best to support your children in their learning at home.

Today brought a lot of uncertainty as we work through being clear about numbers at school and at home as well as ensuring we have the appropriate social distance across the school. We hope you'll forgive us for being clear about the number of adults on Site to keep everyone safe.

The school will continue to have a mid-day clean of all hard surfaces, light switches, toilets, door handles and from now on the playground will get a clean each morning before recess. There's soap in the toilets in stockings and teachers have wipes and liquid soap on their desks

The Health department has research that shows that schools are safe places for children and it's the adults who need to monitor social distance closely, so we'll be hot on that!!

We will be working hard to get the school back to normal- as normal as it can be!

Unfortunately some things will have to go on hold for a while. Electives and Pedal Prix will come to a halt and some parts of music teaching may have to stop for a while. We're trying to clarify that at the moment.

We're looking forward to having the students back. It really wasn't a school without them! If your children are distressed in anyway about getting back to school make a time to meet your class teacher and they'll help you settle them back in. We want school to be happy place for them

Thank you,
James Parkin
